

**Pfft You Were Gone**

**Recorded by Buck Owens**

**Written by Susan Heather**

C F C  
Down here on the farm the weather gets messy  
G7

Laying around with nothing to do

C F C  
When you went away-a you took my cow Bessie  
G7 C  
I miss her darling more than I miss you

C F C  
You took off your le-heg your wig and eyeglasses  
G7

You should've seen the look on my face

C F C  
I wanted to kiss you I wanted to hug you  
G7 C  
But you were scattered all over the place

**CHORUS:**

F C  
Where oh where are you tonight  
G7

Why did you leave me here all alone

C F C  
I searched the world over and I thought I found true love  
G7 C  
You met another and phht you were gone

C F C  
I know you loved me here's my way of knowing  
G7

The proof's hanging out right there on the line

C F C  
When I see the snow and feel the wind blowing  
G7 C  
Your nighties hugging them long johns of mine

C F C  
The noises you make at our supper table  
G7  
Your habits my dear are surely absurd

C F C  
But how many ti-imes do I have to tell you  
G7 C  
Soup is a dish to be seen and not heard

**CHORUS:**

F C  
Where oh where are you tonight  
G7  
Why did you leave me here all alone  
C F C  
I searched the world over and I thought I found true love  
G7 C  
You met another and phht you were gone

C F C  
Remember you phoned me a-sobbing and crying  
G7  
The dog bit your mama and drug her around  
C F C  
You said she looked pa-hale and thought she was dying  
G7 C  
I said don't worry I'll buy a new hound

**CHORUS:**

F C  
Where oh where are you tonight  
G7  
Why did you leave me here all alone  
C F C  
I searched the world over and I thought I found true love  
G7 C  
You met another and phht you were gone  
  
C F C  
I searched the world over and I thought I found true love  
G7 C  
You met another and phht you were gone
