Around the North Pole we slave away

Making the toys, for the good girls and boys, yeah, yeah

We gotta get done soon and load up the Sleigh

### Chorus:

**G**

So load up San-ta's Sleigh, don't care how much it weighs

**D7**

Look out for the Jolly Old Elf, he's on his way

The First Elf he got drunk and broke into Santa's trunk

The Pole Police had to come and take him a-way

**G G7**

**C**

"It must be the stress", I heard him confess – yeah, yeah

**G**

**G**

He pulls this stunt on us it seems every year

### (Chorus)

**G**

Ol' Donner he caught the fits, tore his harness to bits

**D7**

Then he fell and he thrashed around in the snow

**G G7**

**C**

**Am**

We gave him some nog, and he slept like a log, yeah, yeah

**G**

**D7**

**G**

He's back on his feet now, and he's good to go
